V. Wireless Communication Facility Special Permit – Vote on Decision

Mr. Bettez opened the discussion to vote at 8:00 PM.

Mr. Bartl requested that the Board in the future not vote a decision at the close of the hearing; better to take under advisement and only give staff direction (perhaps a straw vote) for the decision. The vote should take place at a later meeting with a draft decision prepared to vote on.

Mr. Bourdon certified pursuant to Ch. 79 of the Acts of 2006 that he viewed and examined all evidence of the missed session including the 7/6/10 DVD.

Mr. Bourdon stated in Section 2.5 of the decision that T-Mobil was misspelled; should be T-Mobile and in Section 2.7 Personal Wireless Service Provider was typed twice.

Board members discussed how to avoid special permit applications from entities that are not qualified under the TCA and the zoning bylaw to file such applications (wireless internet service providers). How does the FCC change their rules and how can we have more clarity? Mr. Bartl stated there needs to be a list of questionable co-locators. Perhaps the Board could consider a zoning change at the next annual town meeting to allow for such ineligible entities for Section 3.10.

Mr. Clymer moved to issue the amended denial decision of the Wireless Communication Facility Special Permit application from SBA Towers for 5-7 Craig Road; Mr. Bourdon 2nd. all in favor. Six voted in favor; one abstained; motion passed.
